

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CASTORIA COMPANY, 77 MURRAY STREET, NEW YORK CITY.

COURTHOUSE SUIT WILL PROBABLY END

(Continued from Page 1.)

undoubtedly could have authorized this form of bidding, had it so desired, and, if such form had been designated in the notice and in the forms for bidding, then each of said bidders would have had an opportunity of making a similar bid, and competition would have been fully obtained. But this was not done, and for this reason the bid of appellee did not conform either to the notice, the specifications or the form of bid provided by the auditor. It was, therefore, not a valid bid and should not have been received and considered by the board.

The last decision of the court separates the contract, holding some parts valid and other parts invalid. It is quite probable that on this account Mr. Ness will not want to accept this decision as final, for his contention was that the whole contract was void.

ARCHITECT'S PLANS.

Congregation of Methodist Church Delighted With Drawings of J. C. Fulton.

The congregation of the Methodist church who braved the sweltering heat Sunday were given an additional thing of interest in the shape of the new plans for the proposed church. Architect J. C. Fulton of Uniontown, Pa., has prepared his drawings for a new \$20,000 structure and these were pinned on the wall at the door.

There was a fine picture of the church as it would appear, with large art glass windows on the Laporte street side and Center street side, and an imposing square tower on the corner. A wide portico makes an attractive entrance from steps which lead up from the sidewalk. The auditorium and Sunday School room are on the same floor and may be thrown together. The Sunday School department has six class rooms below and six above, besides the main room. The basement has provision for the primary department and a gymnasium.

Medical Association Meets.

Thursday afternoon a meeting of the Marshall County Medical Association was held. Drs. Parker, Wiseman, and Tallman were the only members present except of course the doctors of this city. No special work was entered upon. However the discussions were all good and it was a particularly interesting meeting. It was decided to cancel the July meeting and accordingly the next will be the last Thursday of August.

Ball & Co. Wins Game.

In the game Sunday afternoon between Ball & Co. and the Bourbon Knights the home team came out victorious. This adds one more game to the long list of victories for the team which is becoming one of the best amateur teams Plymouth has had for many a day. Most of the Bourbon players left for their little homes shortly after the affair. The score was 7 to 6.

FIGHT ON REEVE BRIDGE.

"Billy" Rolling Starts Quarrel Sunday Afternoon—Sheriff Is Called and Fighters Run.

The residents of North Michigan street were greatly excited Sunday afternoon over a fight on the Reeve bridge.

It seems that "Billy" Rolling had happened along there and feeling like fighting provoked a quarrel with the nearest bystander. The one picked out was a mere slip of a boy—small, poorly dressed, and sickly looking. But these features made him all the more desirable prey for the ruffian. Although the affair was soon noticed by the residents of the vicinity and a large crowd had gathered, still the helpless boy was badly beaten before his assailant desisted.

About this time a well dressed young man, who wishes his name kept from the paper, arrived on the scene and asked what it was all about. Then Rolling attacked him. But this time he had found his match. It meant a contest between brute strength and skill in the art of self defense. The newcomer was a real brawler and would no doubt have "cleaned up" the bully had not this fight also been stopped.

Someone had telephoned for the sheriff and that worthy arrived on the scene armed to the teeth. But the fighting couple had heard he was coming and quickly dispersed. The lad who had been attacked in the first place had also hastily left.

Modern Abrasives.

Carborundum and alundum are among the latest of modern abrasives. They are made at Niagara Falls by means of the electric powder generated by the cataract. Another new abrasive made there is aloxite, which is used for grinding steel tools. The manufacturers state that it does not greatly heat the tools nor draw their temper. Samite, another new abrasive made at the same place, is used for cutting or abrading aluminum. Its cutting surface does not glaze or fill when it is used on aluminum or other fibrous metals.

Twelve Members Received.

Sunday a special service was held at the Presbyterian church. It was a communion service and twelve people were received as members of the church. Five of these were baptized and taken in by confession, the others by letter.

It was an interesting service and a good crowd was present at both services although the weather was unbearably hot.

Diamond Seekers Social.

The Diamond Seekers Club of the Pretty Lake Sunday school will give an ice cream social at the home of Martin Day, on the Pretty Lake road, Saturday night. The club is expecting this to be a fine affair and they cordially invite the public to come and have a good time.

Card of Thanks.

We desire to express our sincere thanks to the many friends and neighbors, who so kindly sympathized with us at the loss of a husband and father, also for the beautiful flowers and the singers.

Mrs. A. Beagles and children.

OBITUARY.

Dora May Wilson was born April 11, 1884, in Union township, this county, and died June 28, 1911, at the home of her sister, Mrs. Dr. Loring in this city.

She was the daughter of George D. and Nettie Wilson. Her mother died in 1896, and an infant sister in 1895. She leaves, besides her sister in Plymouth, a father and brother, Frank P. Wilson, of Towner, N. D., and many other relatives and friends.

With her father she moved to Towner, N. D., in 1899, where she made her home until in February, 1907, when she decided to become a trained nurse and entered St. Barnabas hospital in Minneapolis. In April 1909, she removed to Walker, Minn., and remained there till in the fall, since which time she has made her home in this city with her sister. She was confirmed in the Episcopal church at Towner, N. D., in 1904, where her membership remained until her decease. She was of a bright, cheerful and happy disposition, carrying sunshine wherever she went. She was enthusiastic in her profession and was ever ready to relieve distress and misery of those about her.

The funeral was held at the residence of Dr. Loring in this city, conducted by Rev. Mr. Ivins, assisted by Rev. Fraley. The interment was made in Poplar Grove cemetery, near the scenes of her childhood.

Obituary.

Lewis Anderson Beagles, oldest son of Robert and Phoebe Beagles, was born in Polk township, Marshall county, June 21, 1855, and departed this life at his home on East Laporte street, Plymouth, Ind., June 28, 1911, at the age of 56 years and 8 days.

Mr. Beagles was reared and grew to manhood in Marshall county and with the exception of a few years in the West lived in and near Towner, and from his early life he was highly esteemed as an honest and upright citizen. He was united in marriage to Miss Luella Stanley, also of this county, in 1877. To this union were born eight children, seven of whom remain to mourn the loss of a father. There are five sons and two daughters, namely, Jesse, of Laporte; Ray E., of Pendleton, Ore.; Mrs. Geo. Jamison, Mrs. Clarence Lee and Dan W., of Plymouth; Walter E., of South Bend, and Eugene S., yet remaining at home.

"Anderson" as he was always called, was an able teamster from early life. He was a man of great strength and no task was too hard for him to undertake. The lumber dealers of early days employed his labor on account of his great ability to handle heavy timbers. About a year ago he moved to Plymouth and soon after obtained a dray and transfer line. The public soon learned to know him by his promptness and courteous dealing. His word could always be relied upon and thus he became one of the leading draymen of the city. He was engaged in this capacity until the end came. Anderson was a man who took great pride in keeping a promise sacred and in so doing gained the confidence of all with whom he had dealings.

With his companion he became a Christian and united with the M. E. church at Towner a number of years ago and was a strong believer in the Christian religion until God called him home.

Aside from his children and companion he leaves a father, Robert Beagles of Towner who is in his 85th year, and a most devoted step mother, two sisters, Mrs. Rebecca Landis of Culver and Mrs. Zola Miller of California; one brother, Robert Beagles Jr., of Towner, and eight grand children, and a host of other relatives to mourn their loss.

His affliction dates back for five years, yet most of that time he was able to look after his business affairs. Only for the past few weeks he has been confined to his home. The last week was one of great suffering yet he bore it with Christian fortitude, being comforted by his faithful companion and two daughters. He earnestly prayed that God would give him rest and on Wednesday evening at 11:30 he quietly fell asleep.

The funeral took place at the family residence on Saturday, July 1st, Rev. S. H. Yager officiating, and was largely attended by a number of business men of this city, also a large number of his friends and old neighbors came over from Towner and Walkerton to pay him their last tribute. People sat in the shade of trees planted by his hand. The songs were selected by the family and sung by Mr. Wm. Hahn, Mr. Ralph Leonard, Mrs. Roller Kleckner and Mrs. Hatfield Lacher. Miss Nellie Sturtevant of Adrian, Mich., sang impressively "Some Day We Will Understand."

Messrs. Wm. Kyle, Jesse Bennett, Amos Barber, Frank Johnson, Wm. Detwiler and E. R. Monroe acted as pall bearers. All of them were Mr. Beagles' life-long friends. The interment was made in Oak Hill cemetery. Thus have we laid away one who was highly respected and will be long remembered.

Marriage License.

Charles Miller to Alice M. Watkins, both of Marshall county.

GREAT CROWD IS ON STREETS SATURDAY EVE

PEOPLE SWARM DOWNTOWN DISTRICT AND FREQUENT STORES, SHOWS AND ICE CREAM PARLORS.

HOTTEST DAYS YET

Temperature Goes Soaring and Everybody Swelters With Heat and Hat Off—Much Ice Cream Sold.

Saturday night in Plymouth was noted for the exceptionally large crowd down town. The streets fairly swarmed with people most of them with coats and hats off, frequenting the stores, shows and ice cream parlors. It was too hot to go to bed, so they lingered and sauntered about town until late at night, seeing and being seen, and trying in some way to keep cool, or at least as cool as possible.

Old Sol had beat upon Mother Earth with his hot fires until the mercury stood at 92. Weather man J. W. Siders was kept busy keeping the metal from breaking out at the top of the thermometer. His record shows a temperature on Saturday of 90 degrees and on Sunday of 92 degrees. The thermometer at Buck's hardware, on the afternoon of Saturday under the awning at 4 o'clock was 110 degrees. But this same thermometer showed the hottest on Thursday, June 22, when it stood at 125.

It certainly has been "good old summer time" the past few days and an African darkey himself could find no fault with the work of the weather man. Ice cream manufacturers were called on for big supplies and the retailers were kept on the jump serving the people both at home and in the parlors. One reports sales of 24 gallons on Sunday.

Sunday was a great day for the autoists. Everybody who had an auto was out getting the breeze of the country and thus helping to allay the discomfort of the melting heat.

TWIN LAKE WINS.

After Hot Game on a Hot Day Ball & Co. Team Defeated 10 to 9.

Ball & Co.'s team and the Twin Lakes boys had a very hot game on the Fourth at Twin Lakes and the result was a narrow victory for Twin Lakes. The score was 10 to 9, and was made only after the most exciting plays.

The game was played on a stubble field of the Freese farm. Two base hits were made by Poor of Plymouth and C. Freese of Twin Lakes. The batteries were: For Plymouth, Poor and Schroeder; for Twin Lakes, Freese and Freese. Harold Steiner umpired and had some close decisions to make. Plymouth got 9 hits and made 7 errors; Twin Lakes got 11 hits and made 8 errors. Next Sunday our team will play Teegarden.

Important Medical Discovery

The announcement by Dr. Flexner of the Rockefeller Institute, that they have at last discovered the germ or rather its presence—for the strongest microscope fails to reveal it—which is responsible for infantile paralysis, will bring widespread hope and joy.

The action of the germ is to attack the marrow of the spine and brain. Infection is imparted through nasal discharges which often last for several weeks, and after recovery is well advanced. Now that the cause is definitely located we are assured it will be less difficult to find the remedy. H. H. Windsor in the July Popular Mechanics Magazine.

First New Wheat Brought In.

The first load of new wheat was brought into the Milner and Grube elevator Monday, July 3rd by Mr. Snyder. About eight loads were brought in this morning and many more are on the way.

As was stated in our article of a week or so ago this year's wheat, although fairly good, is poorer than that of last season. It has become infected with the wheat fly and also was damaged by the extremely hot weather of the middle of May. The wheat test also showed an inferior quality.

DEATHS.

Mrs. Martin.

Bourbon, July 5—Mrs. Martin, mother of Mrs. Geo. Seymour, died at the Seymour home about eight miles northwest of here this morning at 1:30 o'clock. The funeral will be held Friday at the Dunkard church.

Erla Lytle.

Erla Lytle aged one year, one month, five days, died at the home of her parents at Hibbard Wednesday at 2 a. m. The funeral will be held at the residence Friday at 2:30 p. m. Interment at Burr Oak cemetery.

Robert Price.

Robert Price died at the home of his daughter, south of Argos, Tuesday at 7 p. m. Mr. Price was about sixty-five years of age. He leaves one daughter, Mrs. Nellans at whose residence he departed this life. The funeral and burial will be at Richland Center, probably at 2 p. m. Thursday.

Anderson Beagles.

Anderson Beagles died at his home Wednesday at eleven p. m. Mr. Beagles had been gradually declining in health during the past four years and confined to the house for the last three weeks.

He was born near Towner in Polk township and had resided in Marshall county during the entire fifty-six years of his life. For the last five or six years his home has been in this city, and he has been the proprietor of a dray and transfer line.

Besides a wife, the deceased leaves seven children. They are: Jesse of Laporte, Raymond E. of Towner, Oregon; Mrs. Jennie Jamison of Plymouth, Walter of South Bend, Daniel of Plymouth, Mrs. Bertha Lee of Plymouth and Eugene of this city. The funeral services will be held at the family residence on East Laporte street at two p. m. Saturday. Interment at Oak Hill cemetery.

County Correspondence

HIBBARD

Farmers report wheat crops very short. Read McKee returned from Pipes City Ill.

The weather is extremely hot in our town.

Oliver Lichtenberger visited with his sister at Lake Bruce last Sunday.

Mrs. Bert McKee of California returned last Sunday hale and hearty.

Mrs. Pearl Dealy of Chicago is visiting the Reeds and Wises for a few days.

GREEN TOWNSHIP

Edna Cooper spent Sunday with Leota Lookwood.

T. W. Irwin and family spent Sunday at Lawson Leland's near Rutland.

Childrens Exercise at Jordan Sunday evening were well attended.

Miss Myra Moon of Rochester is visiting her sister, Mrs. Bert Leedy and other relatives here.

Elbert Daniels and wife were the guests of Merit Burkheiser and family west of Center Sunday.

Walter Hartle and family of Leiters Ford were guests of Mr. and Mrs. John Wagoner Sunday.

Mildred Irene came Tuesday June 26 to remain indefinitely in the home of Cassius Hunter and wife.

Tyner.

O. E. Ellis of Towner was in Tyner Sunday.

G. E. Ellis of Bremen was in Tyner Sunday.

Joe Glass and mother visited relatives at this place.

Mo. Knepp of South Bend is visiting relatives at this place.

Charles Powell made a business trip to Niles, Mich., Monday.

Frank Stanley of South Bend visited friends in Tyner Sunday.

Mr. Henry Shirk of Lapaz visited Henry Jarrell at Tyner Sunday.

M. Petticoat of Hamlet was the guest of Bomer Bolenbaugh Sunday.

The I. O. O. F. installed their officers Tuesday night, after which refreshments were served.

The District Sunday School convention will be held in the U. B. church at Tyner in August.

Miss Minnie Stoneburner and Tnez Sprague returned Monday evening from a week's visit in South Bend.

Ice cream social on George Dunlop's lawn Saturday night, July 8, '11.

Remember the date of the social.

Stringer.

Henry Pike was in Plymouth Sunday.

Willis B. Hagle went to South Bend recently.

Clarence Bogart and mother have moved to Donaldson.

Mr. and Mrs. Henry Hapner were in Plymouth last Monday.

Mrs. Henderson made a business trip to Plymouth Saturday.

Wm. Beeber made a flying trip to Plymouth Saturday afternoon.

Cornelius Hagle visited with relatives near Elsville last week.

Mrs. Henry Hapner visited her mother, Mrs. Parkmead of Hamlet.

A little shower in this vicinity would be beneficial to the growing crops.

OUR STATE WARDS NOW NUMBER 11,066

Indiana Should Study Into the Cause Which Made Her Seventeen Charitable and Correctional Institutions Necessary.

The party at Mr. Hagle's Saturday night was well attended and all had a good time.

Mr. Hoyt, near Snyder School house, lost one of his work horses last week.

Arney Horner was the guest of his mother, Mrs. Hawk, south of Culver last week.

S. J. Burgeer has returned from Chicago and is busy on his farm near Donaldson.

Charles Shrom and son Stanley and Nels Larson Jr., of Chicago are visiting with Mr. and Mrs. Nels Larson, Sr.

Berlie Price and Mrs. Ida Kessler of Kokomo spent the Fourth with the former's mother, Mrs. Geo. Tradler.

Messrs. Berlie Price, Elie Trader and Mrs. Ida Kessler spent Sunday evening with Mr. and Mrs. John Mueller.

COMMISSIONERS JULY SESSION

Have Macadamized Road Petition for Consideration and Bridge Specifications—Grant Liquor License.

The commissioners met for their regular July session on Monday and adjourned over July 4. On Monday little was done except allow bills. Wednesday a license was granted to Clyde Smith for Lapaz. According to the population North township may have two saloons.

An order for some repairs on the boiler of the courthouse heating plant was made.

On Monday Andy Molter and 54 others filed a petition for a macadamized road out South street, west on the Pretty Lake road to the Howe corner, thence south to the Liggett school house. A complete account of this petition has already been given extensively in the Republican. It was expected that other petitions would also be filed, but they were not. Before action is taken on this petition a notice will be given by the board and an opportunity given for remonstrance.

The board is also considering this term the specifications for the Brownlee bridge and the building of several arches at other points in the county.

Brotherhood Meeting.

The July meeting of the Presbyterian Brotherhood will be held Friday night. "The Patriotism of Peace" will be the subject of the evening.

Argos vs. Twin Lakes.

In the Sunday baseball battle between Argos and Twin Lakes the latter won by a score of 17 to 5. It was a very interesting game as well as a good one.

HELPFUL WORDS

From a Plymouth Citizen.

Is your back lame and painful? Does it ache especially after exertion?

Is there a soreness in the kidney region?

These symptoms indicate weak kidneys.

There is danger in delay. Weak kidneys fast get weaker.

Give your trouble prompt attention. Doan's Kidney Pills act quickly. They strengthen weak kidneys.

Read this Plymouth testimony.

Mrs. George W. Kaufman, 608 W. Washington Street, Plymouth, Ind., says: "I know from personal experience that Doan's Kidney Pills are good for backache and other symptoms of kidney trouble. They have done me a great amount of good and I have previously given a testimonial for publication, telling of my experience with them. I still use this remedy occasionally but have little need for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The last Bulletin of Indiana Charities and corrections gives a report of the seventeen institutions for the year ending Sept. 3, 1910. The expenses listed include new buildings and repairs so the proposition per capita is increased or diminished at times. The State wards would make a city nearly three times the size of Plymouth, the cost of maintaining which is nearly two million dollars. Surely it is time Indiana made more study into preventive measures. A generation as a "dry" state would reduce the insanity and epilepsy. A generation of peace would eliminate the need for the Soldiers and Sailors homes. The new law for the care of the eyes of the new born babies, will reduce the number in the school for the blind. And how shall the prisons be emptied? Temperance will do much. Manual training in schools will do something. The International prison Congress which met last year started a movement for a thorough study of the prevention of crime. Charles Richmond Henderson prepared a book on this line at their instigation. It is published by the Russell Sage Foundation and should be in the hands of those who rule in Indiana. Will the time ever come when the 11,066 of Indiana's charges shall become useful citizens and our nearly two million dollars can be spent in improving the environment in Indiana so that it will be easier for all to live a decent life?

Dot Leadle German Band.

A genuine, "sure-nuf" German Band is in the city. They came to town this morning and since that time have been entertaining the people who will listen to their music. And such music too. Yes; it really is fine and the kind that everyone enjoys. One can hardly keep from dancing on the street when the music of the little three-piece band is heard. There are two violinists and a harpist in the organization.

IT WILL BE THOROUGHLY AND HONESTLY DONE

when your vehicle is repaired in our shop. We're experts in that line. If your wagon is put of order and needs repairing, we'll overhaul it and put it in first-class shape, on short notice, and lowest cost. The best new buggies and wagons carried in stock.
